

Vanpooling Makes \$ense

**The Metropolitan Council
pays 50% of the cost**

Employee Benefits

- Dramatically reduced commuting costs
- Reduced commute-related stress
- Shorter commute times
- Multiple vehicle choices
- Help reduce greenhouse gases

Program Features

- 5 or more people riding together
- Ideal for commutes at least 11 miles one way
- Volunteer driver keeps the van
- No long term commitment - 30 days notice to quit (drivers or riders)
- 100% of the maintenance and 24 hour road side assistance included
- \$1 million liability insurance included on all vans

Annie Christensen (back row center) - Cargill

"I have been a vanpool member for 7 years and literally don't know what I would do without it! I am a mother of two pre-school children with a 60 mile commute. Vanpooling allows me to work, sleep, relax on the days that I don't drive and has literally allowed me to keep my job in the cities and my sanity. My vanpool members are not just people I work with but literally some of my best friends. Give it a try. I often hear mothers say I just can't vanpool with the kids. For me I can't do it without!"
